

TRAINING INFO

Welcome to the great adventure of Paragliding!

Paragliding in Kenya can be challenging, as the equatorial wind conditions are quite unique.

For this reason Cloudbase Kenya offers a complete flight training package (P1 & P2 Level) which includes initial ground training (P1 Level) and then basic flight training (P2 Level) with a paraglider, teaching you the magical skill to takeoff, paraglide and land, to increase your safety and joy of the sport.

After P1 & P2 Level course you will be able to independently paraglide in still air.

Cloudbase Kenya follows the PAK Training Level curriculum, therefore all achieved training can be noted in the PAK Logbook and all skill levels can be endorsed in your personal PAK Paragliding License.

Our instructors are PAK certified and care for your utmost safety.

Frequently Asked Questions

QUESTIONS ABOUT GEAR

Do you rent paragliding gear for training?

Due to little demand, we do rent out training gear

- For P1 Training, the paragliding training gear is included in the price
- For P2 Training you need to have your own gear

What gear do I need for P2 training?

You need your own full paragliding kit, which consists of:

1. Paraglider Wing
2. Harness
3. Safety Parachute

The paraglider, harness and safety parachute need to be correctly sized for each pilot, to ensure maximum safety during flight. Cloudbase Kenya will advise you well on this.

Please ask us for more advice on this topic

How much does new paragliding kit cost and how long can I use it for?

It depends on what you choose, estimated USD 3500 – 4500.

If kept well you will enjoy flying with your gear 10-15 years. Paragliding Kit has great resell value.

Does my first paragliding kit have to be new or can I buy second hand gear?

There is a huge second hand paraglider market online. The challenge is, that you will most probably order used gear from abroad. This can be tricky as you cannot visually inspect the gear before ordering it.

Therefore we advise to purchase NEW paragliding kit from us. The advantage is, that you will be well advised of what to purchase.

What paraglider brands are you distributor for?

We are official distributors of Kenya, for the brands:

- [BGD](#)
- [AIRDESIGN](#)
- [UP](#)
- [SWING](#)

We are also distributor for the paragliding accessory the brand [SYRIDE](#) which sells world class flight instruments for paragliding.

QUESTIONS ABOUT TRAINING

Where can I find pricelist for Training?

We will send you the full pricelist after you contact us on Whatsapp.

When do I become an independent pilot.

After P2 training.

If you feel confident to fly without supervision, talk to your instructor and he will advise you.

Do you issue a Kenya Paragliding License?

The Paragliding Association of Kenya (PAK) can issue you a license, endorsing your paragliding skill levels P1 to P5 in it in the PAK Paragliding License Booklet.

QUESTIONS ABOUT EQUIPMENT ORDER

What is the shipment time of ordered paragliding kit?

It usually takes 3-4 weeks for equipment to be in your hands in Kenya

Can I pay a deposit and full amount later?

After you confirm your order, we will send you a Proforma Invoice with Banking details.

Only full upfront payment makes the order possible.
